Volunteer Highlights - Linda Miles

Meet Linda Miles who has been volunteering since 2011 with the office staff at Live Oak Clinic. Her responsibilities include computer data entry of patient demographics, checking in patients, making appointments, ordering labs, collecting donations, and recording weekly statistics.

Before joining the clinic, Linda had a 34-year career as a school librarian and worked in the Brazosport, Sweeny, Alief and Aldine school districts. Linda has a Bachelor's and a Master's Degree from Sam Houston State University. She now works part-time training librarians and school technology staff to use software for barcoding and managing school resources. This venture gives Linda the opportunity to continue her passion for working with libraries and teaching.

Linda is a native Texan and grew up in the small town of Kountze, north of Beaumont. Linda met her future husband, Sonny, while attending Sam Houston. As a result of Sonny's accepting a teaching job at Brazosport College and later an administrative position, Lake Jackson has been their home since their marriage in 1974. They have a daughter, Kathryn, and 2 grand dogs. Through her church, Linda volunteers with Society of St. Stephen, a group that helps those in need with rent or utility funds. Linda enjoys traveling, shopping, reading, Aggie football and country & western dancing.

For Linda, it is gratifying to be a member of the dedicated Live Oak staff and to help those in need of health care.

***"Volunteering plays a key role in strengthening
our society by acting as a bridge between
socioeconomic divides."***

CONNECTIONS

A short insight into why our clinic is so necessary:

Marilyn (not her real name) has been a patient since January 2013. As a single Mom, she raised two children, who are now adults with their own families and live in another city. Although she works full-time on the nightshift, she doesn't earn enough to pay her insurance deductible. Additionally, she occasionally must seek assistance from local organizations for help with utilities. In the last few months, her dad's health has deteriorated and Marilyn struggles to maintain her healthy diet during visits to the hospital. Having made the commitment to move into his apartment to care for him, she faces this next chapter with deep trepidation. In trying to maintain control of her diabetes and hypertension, Live Oak & Marilyn walk this path together.

***THANK YOU FOR
YOUR SUPPORT!***

***Now is the time
to get your flu shot!***

We are grateful to Lucy Pendon, who lent her expertise to give flu shots. First in line was volunteer Jeanine Meyer.

The Pumpkin Patch, at Christ Lutheran Church, had tremendous community support this year: local high school students unloaded over 60,000 lbs. of pumpkins while volunteers from Society of St. Stephen's at Chapelwood Methodist Church and from Live Oak Clinic helped by baking cookies and working shifts.
